Leave orders at the counting room.

—Steamer day-to-day.  
—Do not forget the auction sale at E. C. Holden's to-day. See advertisement.  
—The Upper Astoria oil works are paying \$1.75 per 1000 for salmon heads.  
—At E. C. Holden's auction sale, to-day, a lot of fine native cranberries will be offered for sale.  
—Proposals for the erection of Tremblard & Upham's new building close to-day. See advertisement.

—Uncle David Newsome, as he is familiarly known, is one of the pioneers of Oregon. He has written volumes upon Oregon.

—Bismarck is putting up a new tank for the Occident shoving saloon bath. A splendid one, that will hold 400 gallons of hot water.

—Several of the best rooms at the Occident are undergoing repairs and re-furnishing, preparatory for the demands of summer travel.

—Mrs. Wingate, of Coos bay, who is now on a visit to this part of Oregon, with her husband, is a daughter of Mr. Ward on Clatsop plains.

—Services at Presbyterian hall on Sunday morning at 11 o'clock. Sabbath school at noon. All are cordially invited. No services in the evening.

—The public schools are getting along towards the close of the spring term, and the pupils will make good report of progress during the past winter.

—We should not be very greatly surprised to meet Rev. and Mrs. T. A. Hyland by the new steamship State of California, due at this port to-day.

—Hon. B. P. Cardwell, Deputy Collector of Internal Revenue for the state of Oregon has been on a business visit to Astoria for several days. He returns to Portland to-day.

—The injuries received by Mr. J. W. Gearhart, from a sprain of his left leg at the fire Monday morning, was very painful indeed. He is not able to be about, except on crutches.

—Some splendid samples of iron ore are on exhibition at Cardiff's drug store. It comes from a mine close to the vicinity of Astoria, and we are told that there is plenty of it that can be got at immediately.

—Several fine dogs, and some cats, were poisoned at upper-town a few days ago. This incident caused a sensation in that portion of the city, and it would not have been healthy for that fellow to have let himself be known.

—If you would a fishing go, find a brook where the water runs fastest; throw in your hook, pull out the fish and put him in your basket. If you would a riding go, get your gals consent; hitch up Dobin, or any other critter, and let the animal vent.

—Hon. J. W. Watt, and Hon. David Newsome, arrived in the city last evening, for three days sojourn in Astoria, for work in the temperance cause. This is the first visit of Mr. Newsome to Astoria. Mr. Watt has been here before. We hope that people generally will turn out to hear these lectures. The first lecture was given last evening. The second will be given this evening, at the Congregational church.

—About noon on the 23d, the body of a man, supposed to be that of George Smith, lost off the steamer above St. Helens some time ago, was recovered on the territory shore, between Brookfield and Pillar Rock. Word was sent to Astoria immediately by the steamer Edith, by J. G. Megler, and the body will be forwarded to friends at Vancouver, after full identification.

—We regret being compelled to state that the Sunday observance movement in Astoria is a partial failure. What is it the Book of Books says about serving God and Mammon? It is apparent that both cannot be served at present in Astoria. The long dull spell of the fast winter is some excuse for our business men who wish to improve the present opportunity, and make a little hay while the sun shines.

—Shenster has taken a splendid photo. of the ruins of the fire of last Monday morning. Chief Engineer Tremblard will send one to the builders of the Silsby engine, which so materially aided Capt. Flavels steam pump to stay the progress of the flames. Considering that the fire was prevented from capturing the Hume & Duncan cannery, Capt. Flavels warehouse, only eighteen feet distant, we must conclude that the engine and pump paid well for themselves last Monday morning.

## DECORATION DAY.

Proposed Excursion on Mr. Jacob Kamm's New Steamer Lurline.

Letter From Mr. W. H. Gray of Klaskanine Farm.

OLNEY, May 22.—I understand from a note received from Mr. Kamm, dated May 18th, that a request has been made to him to take a party from Astoria to Vancouver on the 30th of May, to attend decoration ceremonies at that place. He informs me that he can arrange to leave Astoria at 1 p. m. on the 29th, reaching Portland at 8 p. m. The Lurline is chartered to take a party from Oregon city to Vancouver on the 30th and back, in which case he can take all from Portland to Vancouver, and leave with the Astoria party after the ceremony, say 3 p. m., reaching Astoria at 10 p. m. The Lurline and Vancouver accommodate all that belongs to the two parties in the shortest time possible, and as comfortable as numbers and basket excursion of that distance will permit. Yours in haste, W. H. GRAY.

### The Dalles Fire.

Messrs. Cohen & Cooper's Dalles store fell among the doomed places of business in that city at the terrible conflagration which broke out on Wednesday evening. They had a stock of about \$20,000, and carried an insurance for \$6,000. Considerable of their stock was saved, however. Mr. Cooper of the Astoria house, will have full particulars probably to-day.

### A Centennial.

Next Thursday will be the first centennial of Beaver Lodge, No. 35, I. O. O. F., at Astoria. That is to say, on that evening the membership will number one hundred. We consider that this is a matter for the lodge to be proud of. One hundred good men banded together for the love of humanity, working in unison for the relief of the sick and the distressed, the widow and the orphan. The event should be celebrated.

### California Dollar Store.

To-day a branch of the California Dollar Store will be opened in Parker's new building, on Chenamus street, opposite G. W. Gearhart's. The manager has arranged the room in a very attractive manner, and the walls are decorated with many a gem of art, far too numerous to mention. The stock consists of jewelry, plated ware, paintings, chronos, etc., etc., and any article in the store can be purchased for one dollar. The buyer first pays 25 cents for a photo of some noted person or place; then, you may have the privilege of selecting from a box, an envelope which will contain a slip calling for some one article in the house, which article can be bought for one dollar if desired. "Take a walk" around and see for yourselves. Sign of the California Dollar store.

### Tillamook News.

From Mr. J. H. Larsen, owner of the schooner Honora, who went out a passenger on the late passage of that vessel from this port, on the 16th, we learn, in private letters to Mr. E. S. Larsen, that the schooner passed No. 4 buoy at 12:30 on that day, and arrived in the bay of Tillamook at 6 p. m., crossing two bars and running forty-eight miles in 5 1/2 hours. The schooner went up to Hoquart on the 19th. Mr. Larsen's famous dog Prince stood the trip first rate. Messrs. Adair are restocking their Lewis and Clarke ranch with cattle from Tillamook county, and Warren & McGuire have secured a fine band of fat cattle there, which will be driven over to their Clatsop headquarters next week. Mr. Larsen has secured 10,000 lbs of first quality of wool for shipment, and expects to secure 5,000 to 10,000 lbs more. He is well pleased with the country.

—The Portland steamer made thirty-one landings on Thursday, and reached her dock here at four o'clock p. m. This would seem to indicate that business was dull on the lower river route. When there is but little freight to handle the boats make good time.

—We have conversed with several persons respecting the propriety of getting up a celebration on the 4th of July. Considering the past dull times, and the fact that the 4th comes in the midst of the busy season, cannery people generally are not favorable to knocking off a day for holiday purposes; but they are willing to do something handsome for a regatta at the close of the season, and thus institute a festival at which all can appear annually free from that sense of feeling usual to men who sacrifice business for pleasure.

—A movement is on foot which we hope and trust may prove successful, to purchase a steam fire engine for company No. 1. We have not been opposed to the introduction of steam fire engines in the city, but have held that what would be better for the city would be street mains, hydrants, hose companies, etc., receiving water from reservoirs on the adjacent hills supplied by pumps like the one used by Capt. Flavels from the river. We still think that system would be the best; but as the engines in use have well paid for the investment, we shall favor the purchase of another one, for the old and reliable pioneer company.

—The Junction Republican of the 21st says: "The weather, oh such weather. There has been so much written and said about foul weather of late by the press and people of the Wallamet valley, it is no wonder we have had a four weeks rain, and if the board of engineers don't give us Oregonians a harbor of refuge at some point convenient to this valley we will be worse off than the Egyptians in the Red sea; completely swamped up."

### Dr. Mintie's Nephreticum—A Compound Extract of Glycerin.

Dr. Mintie's Nephreticum works wonders. In all cases of Dropsy, Bright's Disease, Kidney, Bladder and Urinary Complaints, or Retention of Urine, these troubles are entirely cured by the Nephreticum. Female Weakness, Gravel, Diabetes, pain in the back, side and loin are cured, when all other medicines have failed.

See what the druggists of Portland and San Francisco say about Dr. Mintie's Nephreticum and English Dandelion Pills.

"We have sold a large amount of Dr. Mintie's medicines: the English Dandelion Pills; also the Nephreticum, and in all cases they are highly spoken of and give entire satisfaction."

John A. Childs, druggist, Second street, Portland.

C. H. Woodward & Co., druggists, corner First and Alder streets, Portland.

Abrams & Carroll, wholesale druggists, 3 and 5 Front street, San Francisco, say:

"We regard Nephreticum as the best kidney and bladder remedy before the public."

For all derangements of the liver, use Dr. Mintie's English Dandelion Pills. For Biliaryness and Dyspepsia, use Dr. Mintie's Dandelion Pills. For Fever and Ague, use Dr. Mintie's English Dandelion Pills.

Every family should keep the English Dandelion Pills on hand.

Dr. Mintie's remedies will not "wear all complaints," but if taken according to directions, give immediate relief and perfect a cure in all troubles for which they are recommended. For sale by R. F. Canfield, druggist, Astoria, Oregon.

There have been more cures of senile weakness, nervous debility and paralysis made by the wonderful English Remedy, Sir Astley Cooper's Vital Restorative, than by all other remedies combined. Why will you suffer? Send to A. E. Mintie, M. D., No. 11 Kearny street, San Francisco. Price, \$3 per bottle; four times the quantity, \$10. Try a bottle.
